

Dear Teacher Candidates:

We understand that this is a unique and stressful time, and we are trying to provide resources to help you complete your student teaching requirements. Last week you should have received this website link to help you consider various options to complete your student teaching requirements virtually: <http://ed.fullerton.edu/current-students/virtual-student-teaching.php>

One of the options that we created for you is a tutoring option. Beginning April 3<sup>rd</sup>, you have the option of signing up to tutor local students (maximum of 5 students per session) and have the sessions recorded. If you are interested in this option, please complete the interest form by going to this link <https://forms.gle/bhoZgJZMBSZpJsdb7> *Please complete your initial sign-up by Friday, April 10<sup>th</sup>.*

From the information that you provide, you will be matched up with students in the subject matter and grade level that you have chosen to tutor. Tutoring options should begin the week of April 13<sup>th</sup> at the latest and continue throughout the rest of the K-12 academic year.

We feel this is a wonderful opportunity for you to grow as an educator and meet your requirements while serving the community. With so many K-12 students struggling to learn in a virtual setting for the first time, we are excited to offer this service for free to the community.

Please note if you don't have hours to fulfill but would just like to participate, we welcome all of you too.

We know that the COVID-19 crisis has created less than ideal circumstances, but we are trying to be creative and provide avenues for you and the K-12 students in our community to engage in impactful virtual learning opportunities.

For information about sign ups please email Amber Holloway at [Amberhol@usc.edu](mailto:Amberhol@usc.edu). She is a new campus employee whose email has not been activated. As soon as her campus email is activated, we will send you this information
