First Year Transfer Information for Child & Adolescent Development Majors
Planning to Teach Special Education/Elementary Setting

Recommended semester planning is shown. These classes apply to one or more of the following sets of requirements:

1) The CHAD major
2) CSET Preparation Courses
3) Special Education Credential Program Prerequisites

All transfer students must take 9 upper division General Education (GE) units in residence at CSUF. Students are encouraged not to take classes just for GE requirements until they have met with an advisor. There may be opportunities to “double count” classes—use the same class for GE and another requirement.
