Teacher Appreciation Week 2017

Wednesday, May 03
Titan Walk • 11 am—1pm

The Center for Careers in Teaching is hosting a celebration in honor of National Teacher Day on Titan Walk on Wednesday, May 3, 2017 from 11:00am-1:00pm. We will be handing out apples and candy, taking pictures, and offering an opportunity for students to make a thank you card for a CSUF educator they would like to recognize (we will be delivering the thank you cards to each recipient). Thank you cards will also be available in the Center for Careers in Teaching all week, May 1-5, in EC-379.

We are also offering the Center for Careers in Teaching Scholarship again this year and are now accepting applications. This scholarship is open to undergraduate students interested in a career in education and have met with a Center advisor by the deadline. The application deadline is Wednesday, May 10, 2017 at 5:00pm and can be accessed at https://goo.gl/forms/TRAA12X3AcV3LtZi2. Questions about the scholarship? Email Jacqueline Calabrese at jcalabrese@fullerton.edu or come in to the Center for Careers in Teaching in EC-379 for more details and/or to make your advising appointment (bring your TDA to your appointment).

FLM Recruitment Mixer

Tuesday, May 16 in PLN 403 from 6:00—8:00pm

Free dinner! Door prizes!

Are you interested in earning a Foundational Level Mathematics (FLM) Single Subject Teaching Credential? Then join us for an evening of food, fun, math, and information. The Keynote Speaker will be Dr. Mark Ellis, Professor of Secondary Education, who will speak on shortages and shifts in Math Education.

This event is designed for candidates and future candidates to network and gain information about the FLM Credential Program at CSUF. We will have current FLM candidates and current Math teachers available to share their experiences. (All current FLM Candidates should bring someone potentially interested in earning an FLM credential. It’s your ticket in the door!)

To RSVP, please go to https://goo.gl/forms/UDaktYbeOdyKouOD2. For more information, contact Dr. Patrice Waller, FLM Subject Area Coordinator, at pwaller@fullerton.edu or 657.278.7037.
Looking for CPR Certification?

Infant and Adult CPR Certification is a common prerequisite for future teachers. Current CSUF students have the opportunity to take an affordable CPR class through the Student Recreation Center (SRC). The Center for Careers in Teaching is partnering with the Rec Center to offer a special private class (or multiple classes based on interest) just for future teachers. The class(es) are tentatively scheduled for August 25 and/or 26 and will be held at the SRC. Continue checking your email this summer to find out more details and how to sign up!

Water Safety Instructors Needed

If you have completed or will have completed a Water Safety Instructor certification by May 26, you may eligible for a job at CSUF’s Student Recreation Center as a Water Safety Instructor; CSUF students are preferred for this position.

This is a great employment opportunity to gain experience working with children of various ages all while having fun in the sun this summer! The hours are Monday–Friday, either 9am-12pm or 4:30-7pm; $12.28/hour. Visit CSUF’s ASI website and look under Employment Opportunities for additional job details and the link to the application.

EDEL/EDSC/SPED 110
The Teaching Experience: Exploration

Are you considering becoming a teacher but want to know more about the field? Or maybe you’ve decided to become a teacher, but you’re still unsure which level is right for you? Consider enrolling in a three-unit course: EDEL/EDSC/SPED 110 this Fall! This course explores one’s self in relation to other people in the schools and an encounter with the teaching experience through fieldwork. Accompanying seminar to help students extend their observations and explore relevant issues. Check the class schedule later this summer for specific course times. Questions? Email askcct@fullerton.edu.

Planning Ahead: 2017-2018 CBEST Dates
