California College Student Emergency Support Fund Launches in Response to COVID-19

The California College Student Emergency Support Fund has launched to give one-time **\$500 hardship grants to students**. Administered by Mission Asset Fund (MAF), the Fund is a statewide philanthropic response to address emergency needs for the state's low-income college students, including undocumented immigrants, foster youth, and those who are housing insecure.

Am I Eligible?

To be eligible for the California College Student Emergency Support Fund, students must:

- Be currently enrolled full-time (12+ years) as an undergraduate at a California Community College, California State University, or University of California campus
- Have earned at least 24 semester units or 36 quarter units (i.e., one academic year of coursework)
- Be low-income, with a maximum Estimated Family Contribution (EFC) of \$5,576 (equivalent to eligibility for Pell Grant) or eligible for a California College Promise Grant Fee Waiver (formerly known as the BOG fee waiver)

How Can I Apply?

Students can access the application and apply for a grant online [by using the following link:](#)

<https://tinyurl.com/CACollegeStudentGrant>

Applications and grant payments to students will be processed by MAF. MAF is a well-established non-profit organization that carried out a similar emergency fund effort in 2017 to pay for DACA (Deferred Action for Childhood Arrivals) recipients' renewal fees.

We encourage interested students to apply as quickly as possible as these funds will go fast.

It will help to have the following items at the ready: your transcript, financial aid eligibility (any financial aid statement or award letter that shows EFC or California College Promise Grant Fee Waiver), and electronic banking login information (not required).
