Meet our New Student Assistant, Kimberly Ho

My name is Kimberly Ho and I am currently a freshman at CSUF with a major in Child and Adolescent Studies. I hope to pursue a career working with lower elementary school students, because I believe teachers have the power to cultivate a positive learning environment where children can learn to build knowledge and character. One fun fact about myself is that my favorite flowers are carnations!

Join Mrs. Kristine Quinn, M.S. Elementary and Bilingual Education Faculty, to engage in hands on art lessons that can be taught to your elementary students.

"OLLI has to be one of the best decisions I have made in my college career. The best part about my decision was that I just decided to give something new a shot."

"OLLI mentors are people who care and go the extra mile to help people like me to thrive. In this program I was given the opportunity to connect with someone who has had solid life experiences and shared that with me."

"Thank you for taking the time to invest in my future and providing me the opportunity to learn from your expertise. Every lesson you taught me I value, and I know that I will be a better educator and principal someday because of our time spent together. Even though we have spent almost 2 years together, I still feel I have so much to learn from you."
