Exploring Critical Issues in Education: "Oak Ridge, Tenn., Will Teach History Of Its Black Students Who Helped End Segregation"

"Anti-racist teaching ensures the lived experiences of all of our students, families and communities are represented in classrooms. This story will inspire you to learn more about the communities you serve (or will serve) and how you can incorporate anti-racist teaching in your classroom."

CBEST & CSET DIGITAL LIBRARY

The Center for Careers in Teaching has put together a digital library to provide students with access to study materials in electronic formats. Please complete our request form ([linked below](#)) if you would like to request access to the CBEST & CSET Digital Library during this 2020-2021 academic year.

All requests will be considered, however, we have limited access to the digital library, so priority will be given to students intending to enter a high-need credential program (Special Education, Mathematics, Science, or World Languages) and to those who intend to take these exams during the 2020-2021 academic year in order to meet credential program admission deadlines.

Advising Team Update

The team in the Center for Careers in Teaching is a little smaller temporarily. Adviser and Men of Color in Education (MCE) Coordinator, José Flores, accepted a new position at another campus recently. So, unfortunately, he is no longer available for advising appointments. José loved supporting future teachers, especially his MC's. The word cloud is a tribute to José from his MCE students. He was a true advocate for them and all our future teachers and the CCT will not be the same without him. We wish him well in his new position. Thank you for everything José! Please feel free to reach out to Aimee the MCE at anelson@fullerton.edu if you would like more information about the MCE program while we conduct a search for a new advisor.
