If you are a future teacher and want to connect with current credential students, this program is for you! Future Teacher Peer Mentors are current credential or graduate students who have already completed a credential program at CSUF. The Future Teacher Peer Mentors will meet with students to serve as a resource and role model to foster academic success toward the pathway to a CSUF credential program. You can learn more about the credential application process, the credential program, student teaching and more from their first-hand experience in these programs. A Future Teacher Peer Mentor from each credential program (multiple subject, single subject and special education) will be available to meet with you.
