Welcome Back Future Teachers!

Happy Fall Semester Future Teachers! We are excited to begin a new semester with you and to be back on campus! We are continuing to provide advising as usual, but please note that our **Center space will be closed for use until Thursday, September 30th**. We apologize for any inconvenience this causes.

We are planning a full semester of events, including Titan Future Teachers and Men of Color in Education programming. We will also host information sessions to answer questions about the changes to the basic skills requirement and subject matter competency. Lots of exciting things happened this summer, so please continue reading for all the updates and upcoming events.

We hope to see you at some of our events! Have a great semester!

Introducing our newest Advisor and Men of Color in Education Coordinator!

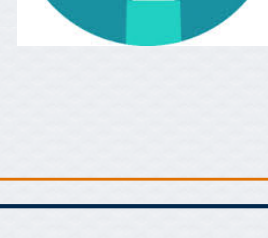

Alex Guerrero joined the CCT family in June! He holds a Bachelor's degree in Sociology and a minor in Psychology from Cal State Dominguez Hills and a Master's degree in Education with a concentration in Higher Education from Cal State Fullerton. His prior experience with the CSUF Male Success Initiative, Educational Opportunity Program, the CSUDH Male Success Alliance and Encounter to Excellence Program makes him uniquely qualified to serve our MCE students. You can learn more about him on our "[Meet Our Advising Team](#)" webpage.

If you are interested in learning more about MCE, please contact Alex at (657) 278-5982 or alguerrero@fullerton.edu.

Academic Advising Appointments

Our Advisors are here to help you navigate the teaching pathway requirements. Please continue to make your advising appointments through TitanNet. Spring 2022 registration will begin in October, so don't wait to see an Advisor.

Exploring Critical Issues in Education

"A North Carolina Principal Rethinks the Classroom and Brings Students Outdoors"

"Last year's COVID-19 lockdown disrupted the idea of school as we know it and it forced educators to think outside of the box. For one elementary school principal in North Carolina, thinking outside of the box had him heading outside — literally."

Did you hear?! Governor Newsom signed the TK-12 Education Trailer Bill (AB 130) this summer! This created additional ways to meet the Basic Skills Requirement (BSR) and subject matter competency requirements for the teaching credential programs. The CCT is hosting information sessions so you can learn more about these additional options and how they may affect you as you prepare for the credential program. See below for more details about these workshops. No registration is required to attend. The same information is covered in each session.
