The Intern Program is a state-funded program of support and preparation for public school teachers to earn a teaching credential. By completing this participant form, you will join your local Intern program.

It is important to collect information on new public school teachers as we work to address the teacher shortage, provide support for new teachers, and promote teacher retention. The California Information Practices Act and the Federal Privacy Act provide that agencies requesting information indicate the principal purposes for which that information is used. Information gathered on this consent form will be used to determine funding for your Intern program.

I agree to participate in the Intern Program during the 2016-2017 school year.
