

College of Education

These scholarships have been established through the generosity of alumni, faculty and community supporters to assist students in the completion of programs offered by the College of Education. They are awarded on an annual basis, contingent upon availability of funds. Please contact Dianna Lopez, Assistant Dean for Student Affairs in the College of Education, College Park 500, (657) 278-4871 or email dialopez@fullerton.edu if you have questions.

Please read all instructions for each scholarship and pay attention to the deadline, as well as details for required statements, letters of recommendation or other materials to upload. There are variations in the application procedures and requirements for each scholarship. Incomplete and late applications will not be considered.

- Identify the scholarships for which you meet the criteria and exceed the minimum qualifications. You may apply for as many scholarships as you wish.
- Read descriptions carefully, making note of the requirements and deadlines for each scholarship for which you wish to be considered. Most, but not all, COE scholarships will be handled through the online application process through your Student Portal “Scholarships” button. Please pay attention to specific requirements.
- In addition to completing the online application (if required), upload any and all materials required for the scholarship for which you wish to be considered, including essays or statements specified in the scholarship description. Only 5 attachments can be uploaded in the online application, so you may need to combine files. Please provide appropriate headings if combining files so that the scholarship review committee can distinguish between multiple documents for multiple scholarships.
- Do not submit the online application until you have completed the entire application and uploaded all attachments as you will not be able to add attachments or information once submitted.
- Students may apply for scholarships even if you have not yet received an admission decision from the program to which you have applied. Awards will not be delivered until admission status is confirmed and student is enrolled in courses.

Note: Applicants will be notified of scholarship decisions by email no later than June.
