Bilingual Authorization (BiAu) Available in CSUF Multiple and Single Subject Programs

You may obtain a Bilingual Authorization is available at California State University, Fullerton.

Bilingual credential candidates from both Elementary and Secondary can get a Bilingual Authorization which allows them to teach English Learners in bilingual settings in grades k-12.

Students can take Bilingual Authorization courses: EDEL/EDSC 446 (Methods and Inquiry) and EDEL/EDSC 541 (Culture and Education of Latino Students).

Notice the EDEL stands for Elementary Education while the EDSC stands for Secondary Education.

The Bilingual Authorization is here. Read all about it!

CSUF helps bilingual credential students become not only familiar with language as well as academic concepts in the primary language. Thus, you become “highly qualified” to specifically work with ELs.

Also Available to non-CSUF Graduates

The Bilingual Authorization is available to all teachers as an add-on.

Teachers who are bilingual at an intermediate high or advanced level can gain this authorization by providing transcripts, passing an intake interview and assessment. This authorization provides opportunities to teach ELs in dual immersion and other types of programs.

Over 1.5 million plus students in California are English Learners and most of them speak Spanish. Those who go for their Bilingual Authorization will find the job market to be that much more inviting. There is need to help English learners progress their oral and written language. Your expertise is needed for their success.
