With that being said Mr. Hoa, congratulations for being selected as 8th Grade Teacher of the Year! When the results came in, I thought to myself, it couldn't have gone to a more deserving individual. You've put in so much hard work with not only the students, but here at school. It's amazing to see how much you've grown and developed into such a strong and influential teacher. I am so honored to have you here as part of the COMA family.
