The CSUF Center for Maximizing Teacher Impact presents

High Impact Teaching With Technology Symposium

Saturday, May 10th from 10 AM—2 PM
at Langsdorf Hall, CSU Fullerton

This symposium highlights the work of local teachers (grades 4-12) and teacher education faculty who use technology to help students construct and extend knowledge to achieve the Common Core State Standards and 21st Century Skills.

Session topics include:
The SAMR model for technology integration
Google Chromebooks
iMovie and screencasting
Live Scribe pens
Classroom applications on mobile devices

Keynote address by Robert Kaplinsky
Math teacher, blogger, and consultant
http://robertkaplinsky.com
“The need for reasoning and sense-making”

Lunch, network, and learn!
