Preliminary Administrative Services Program Standards Course Matrix

In the matrix below denote the candidates' opportunity to learn and master the competencies listed. The required course names and numbers should go across the top of the matrix, replacing the "Course Title and Number" text below. For each competency note when the candidate is introduced (I), practices (P), and is assessed (A) on the competency. Assessment (A) links must link to the assessment tool used by the program. These notations may occur under more than one course heading. Each notation should link to a specific place in the syllabus within that course that demonstrates that this is occurring.
