Candidate/ Mentor Log

Throughout this program, you meet regularly with your Mentor. The purpose of these meetings is twofold: to inform your Mentor about your goals and progress in the program and to receive feedback and support for your goals. A meaningful byproduct of these meetings is a more collaborative and collegial relationship with your Mentor.

Instructions: Maintain a copy of this Mentor Log by sharing the document with your Mentor. Each meeting between the candidate and mentor should be logged and signed electronically by your mentor (Mentor's signature is verified by document revision history; the document must be shared and the Mentor must be logged into the document to be recorded). Include informal meetings and conversations related to your professional leadership preparation. You are able to add rows to the log as needed. Submit completed log by the last day of the semester to Canvas.

This is a shared document between you, your mentor and your CSUF instructor.

Meeting Date/Time	What outcomes, goal revisions, and/or ideas came out of this meeting? Reference CAPEs or course if appropriate.	E-Signature

Discussion Notes

Below are some potential talking points to discuss with your Mentor.

What do you feel are your leadership strengths at this point in time?	
What is a leadership experience you would like to develop?	
What is something significant you have learned through your experiences?	
What is a question you would like to ask your Mentor?
