

## Single Subject Teacher Preparation Program EDSC Course Equivalency List (updated 3.2025)

The following courses taken at other colleges are considered equivalent to our teaching credential program prerequisite courses. EDSC 310 must be complete prior to entering the credential program. In addition, EDSC 304 may be taken before starting the credential program, but it is not a prerequisite to starting the program.

**For any equivalent course, you must complete the course equivalency petition (found at the bottom on [this webpage](#)) in order to have the course applied to your Single Subject Credential application.**

*All courses listed below have been previously reviewed, share a common course syllabus, and have formal articulation agreements with CSUF. Approval for equivalency is guaranteed. Any course taken outside of CSUF or this pre-approved list is subject to review by completing the petition process.*

CSUF EDSC Course	Community College	Outside Course #	Outside Course Title	Formal Articulation Agreement (If "Yes" approval is guaranteed)
EDSC 310	Cypress College	EDUC 225	Secondary School Teaching	Yes
EDSC 310	Saddleback College	CDE 41	Secondary School Teaching	Yes
